Secretary Jennifer Granholm
U.S. Department of Energy
1000 Independence Ave., SW
Washington, DC 20585

Dear Secretary Granholm:

I am writing to express my strong support for the Clean Transportation and Advanced Manufacturing Electrical Training Trust's application for the Department of Energy's Clean Energy Careers for All (CEC4A) grant. As the mayor of the City of Calipatria, I believe this initiative is a significant step toward building a skilled and trained workforce that is prepared to meet the growing demand for clean energy solutions and to create lasting, high-road career opportunities in our communities.

The CEC4A grant will support the work of the Training Trust and its partners to develop curriculum for new apprenticeships in the areas of Battery/Advanced Manufacturing and Medium/Heavy-Duty Clean Vehicle Mechanics. These programs will provide critical training to ensure our diverse workforce is equipped to support the clean energy economy and the advanced manufacturing needs of our region and beyond. Additionally, partners such as the International Brotherhood of Electrical Workers Local 569 in Imperial Valley, CA will provide clean energy sector career exploration opportunities for thousands of students. IBEW 569 is poised to lead this work due to its proximity to the Salton Sea's Known Geothermal Resource Area, which is believed to have the highest concentration of lithium contained in geothermal brines in the world.

IBEW 569 and its partner Local 1105's commitments to outreach and engagement with high schools, community colleges, adult education centers, veterans and other underserved populations aligns with our shared goals of increasing access to high-road careers, economic mobility, and inclusivity. Through partnerships with local community based organizations, education providers and municipalities, IBEW 569 and its national partners will help share information about clean energy career pathways with diverse, underrepresented groups, strengthening our communities and broadening exposure about career opportunities in this important sector.

By investing in the development of curriculum and clean energy career exposure, this initiative will bolster skilled training opportunities and aligns with California's climate and sustainability goals. Supporting this grant application represents a shared commitment to a cleaner, more resilient, and prosperous future for all residents.

I strongly encourage the Department of Energy to award the Clean Transportation and Advanced Manufacturing Electrical Training Trust the Clean Energy Careers for All grant. Their leadership and dedication to workforce development make them an ideal partner in advancing our collective vision for a sustainable and inclusive clean energy economy.

Thank you for considering this vital initiative. I look forward to seeing the positive impact this grant will bring to our communities and am eager to support the Training Trust and IBEW Local 569's efforts in any way I can.

Sincerely,

Sylvia R. Chavez

**RE: City of Calipatria –
East Side Stormwater Drainage System Improvement Project
THG Project No. 142.307
Rove Project No. 24-039
Proposed Change Order No. 2**

Dear Ms. Gutierrez,

I am forwarding this correspondence with a request for approval by the City of Calipatria of the proposed change order No. 2 for the subject project. Proposed Change Order No. 2 includes three (3) distinct cost proposals additive to the construction contract for the subject project.

The City of Calipatria (City) awarded Rove Engineering Inc. (Rove Engineering) the construction contract for the East Side Stormwater Drainage System Improvement Project on April 3, 2024 for an amount of \$2,791,401.00 plus a contingency in the amount of \$604,600.00 totaling to \$3,396,001.00 was included for the project as per the Notice of Award (a copy attached herewith).

Change Order No. 1 was approved by City on August 28, 2024. Approved Change Order No. 1 added an additional amount of \$378,861.00, with the revised contract amount of \$3,170,262.00 and a revised contingency in the amount of \$225,739.00. A copy of the main page of approved Change Order No. 1 is attached herewith.

Proposed Change Order No. 2 includes three (3) distinct additional proposals as noted below:

1. Proposal (Estimate) of \$37,950.00 dated November 19, 2024 from California Conservation Corps (CCC) for assistance with the labor for landscaping of trees including installation, and other landscaping details for the subject project. A copy of the proposal is attached herewith.

One of the conditions by the funding agency, California Natural Resources Agency for approval of the funding for the subject project was use of CCC for landscape assistance provided by local branch of CCC. The San Diego Service Center of CCC is to provide the required assistance for the landscaping including planting trees based on their proposal dated November 19, 2024.

2. Proposal (Estimate) of \$21,840.00 dated November 12, 2024 from Rove Engineering, the prime contractor for the additional cost of the upgraded meter panel for the new power service to the Stormwater Pump Station. A copy of the cost proposal is attached herewith.

Imperial Irrigation District (IID) electrical department's approved work order dated March 28, 2024 for installation of a new meter panel for supplying power to the new Stormwater Pump Station at the intersection of Industrial Avenue and Alamo Street, identified installation of a 100 Amp. meter panel. The 100 Amp. meter panel is currently out of production with an extended delivery period of more than 36 weeks. An alternative upgraded 200 Amp. meter panel with a short delivery period of less than 2 weeks was proposed by Rove Engineering and approved by IID on October 23, 2024. A copy of the approved submittal is attached herewith.

3. Proposal (Estimate) of \$85,588.00 dated November 15, 2024 from Rove Engineering for the re-routing of the electrical wires to the overhead lights along the west side and north side of Hernandez Park. A copy of the additional proposal is attached herewith. The Holt Group has requested a detailed breakdown for the proposal from Rove. Currently Rove is working on providing a detailed breakdown of the additional cost.

The existing electrical conduit (with electrical cables/wires) to the overhead lights on the west side of Hernandez Park were identified to be installed just behind the existing sidewalk along the perimeter of the Hernandez Park. It turned out that the existing 2-inch conduit with electrical wires were diagonally placed and also to a shallow depth of about 12 to 15 inches from the existing grade connecting the north end light with the west end light; and from the west end light to the existing electrical panel located on the south-west corner of Hernandez Park.

The depth and location of the wires were unknown and unmarked. The existing conduit and the electrical wires were damaged during the installation of the Bio Retention Basin on the west side of Hernandez Park by Rove.

Additionally, the existing conduit and electrical wires need to be re-routed along the perimeter of Hernandez Park, just behind the existing sidewalk away from the Bio-Retention Area due to grading of the existing Hernandez Park area per the grading plans, and to avoid future damage to the wires due to the shallow depth of existing conduit.

The Holt Group has reviewed the above additional cost proposals from CCC and Rove Engineering. The Holt Group agrees that the cost proposal provided is reasonable and recommends for approval of the proposed change order.

If approved the three (3) proposed additional cost proposals will be designated Change Order number 02; and the total additional amount of change order requested and agreed to is \$148,378.00.

The revised total contract amount for the project is \$3,318,640.00, with remaining contingency in the amount of \$77,361.00.

The Holt Group recommends the City of Calipatria review and considers approval of the proposed Change Order No. 2.

Please contact me if you have questions or for further coordination.

SUBJECT: Switchboard Review for "City of Calipatria's - East Side Stormwater Drainage System" project, at the intersection of Alamo Rd. & Industrial Rd. in Calipatria, CA.

Dear Mr. Patel:

Enclosed is one copy of the subject drawings, which has been stamped "Approved as Submitted". The proposed service is a primary meter panel **200 Amps, 277/480 volts, 4 Wire**, three phase, Delta.

The maximum approved bus bar current density is a copper equivalent 1000 amperes per square inch or 750 amperes per square inch aluminum. Bus bars having a higher current density design than 1000 amperes per square inch will not be accepted.

Service entrance equipment and protecting devices (circuit breakers) shall be capable of interrupting and withstanding **18,000** amps, available fault current minimum.

This approval applies only to the metering compartment and /or service entrance pull section, not the entire switchboard and should not be interpreted as an approval for those areas under the control of the authority having jurisdiction for the enforcement of the National Electric Code.

Sincerely,

Gabriel Ramirez

CONTRACTOR CERTIFICATION CLAUSES

1. STATEMENT OF COMPLIANCE: Contractor has, unless exempted, complied with the nondiscrimination program requirements. (Gov. Code §12990 (a-f) and CCR, Title 2, Section 11102) (Not applicable to public entities.)
2. DRUG-FREE WORKPLACE REQUIREMENTS: Contractor will comply with the requirements of the Drug-Free Workplace Act of 1990 and will provide a drug-free workplace by taking the following actions:
- a. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations.
 - b. Establish a Drug-Free Awareness Program to inform employees about:
 - 1) the dangers of drug abuse in the workplace;
 - 2) the person's or organization's policy of maintaining a drug-free workplace;
 - 3) any available counseling, rehabilitation and employee assistance programs; and,
 - 4) penalties that may be imposed upon employees for drug abuse violations.
 - c. Every employee who works on the proposed Agreement will:
 - 1) receive a copy of the company's drug-free workplace policy statement; and,

2) agree to abide by the terms of the company's statement as a condition of employment on the Agreement.

Failure to comply with these requirements may result in suspension of payments under the Agreement or termination of the Agreement or both and Contractor may be ineligible for award of any future State agreements if the department determines that any of the following has occurred: the Contractor has made false certification, or violated the certification by failing to carry out the requirements as noted above. (Gov. Code §8350 et seq.)

3. NATIONAL LABOR RELATIONS BOARD CERTIFICATION: Contractor certifies that no more than one (1) final unappealable finding of contempt of court by a Federal court has been issued against Contractor within the immediately preceding two-year period because of Contractor's failure to comply with an order of a Federal court, which orders Contractor to comply with an order of the National Labor Relations Board. (Pub. Contract Code §10296) (Not applicable to public entities.)

4. CONTRACTS FOR LEGAL SERVICES \$50,000 OR MORE- PRO BONO REQUIREMENT: Contractor hereby certifies that Contractor will comply with the requirements of Section 6072 of the Business and Professions Code, effective January 1, 2003.

Contractor agrees to make a good faith effort to provide a minimum number of hours of pro bono legal services during each year of the contract equal to the lesser of 30 multiplied by the number of full time attorneys in the firm's offices in the State, with the number of hours prorated on an actual day basis for any contract period of less than a full year or 10% of its contract with the State.

Failure to make a good faith effort may be cause for non-renewal of a state contract for legal services, and may be taken into account when determining the award of future contracts with the State for legal services.

5. EXPATRIATE CORPORATIONS: Contractor hereby declares that it is not an expatriate corporation or subsidiary of an expatriate corporation within the meaning of Public Contract Code Section 10286 and 10286.1, and is eligible to contract with the State of California.

6. SWEATFREE CODE OF CONDUCT:

a. All Contractors contracting for the procurement or laundering of apparel, garments or corresponding accessories, or the procurement of equipment, materials, or supplies, other than procurement related to a public works contract, declare under penalty of perjury that no apparel, garments or corresponding accessories, equipment, materials, or supplies furnished to the state pursuant to the contract have been laundered or produced in whole or in part by sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor, or with the benefit of sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor. The contractor further declares under penalty of perjury that they adhere to the Sweatfree Code of Conduct as set forth on the California Department of Industrial Relations website located at www.dir.ca.gov, and Public Contract Code Section 6108.

b. The contractor agrees to cooperate fully in providing reasonable access to the contractor's records, documents, agents or employees, or premises if reasonably

required by authorized officials of the contracting agency, the Department of Industrial Relations, or the Department of Justice to determine the contractor's compliance with the requirements under paragraph (a).

7. DOMESTIC PARTNERS: For contracts of \$100,000 or more, Contractor certifies that Contractor is in compliance with Public Contract Code section 10295.3.

8. GENDER IDENTITY: For contracts of \$100,000 or more, Contractor certifies that Contractor is in compliance with Public Contract Code section 10295.35.

DOING BUSINESS WITH THE STATE OF CALIFORNIA

The following laws apply to persons or entities doing business with the State of California.

1. CONFLICT OF INTEREST: Contractor needs to be aware of the following provisions regarding current or former state employees. If Contractor has any questions on the status of any person rendering services or involved with the Agreement, the awarding agency must be contacted immediately for clarification.

Current State Employees (Pub. Contract Code §10410):

1). No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.

2). No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

Former State Employees (Pub. Contract Code §10411):

1). For the two-year period from the date he or she left state employment, no former state officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency.

2). For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the 12-month period prior to his or her leaving state service.

If Contractor violates any provisions of above paragraphs, such action by Contractor shall render this Agreement void. (Pub. Contract Code §10420)

Members of boards and commissions are exempt from this section if they do not receive payment other than payment of each meeting of the board or commission, payment for preparatory time and payment for per diem. (Pub. Contract Code §10430 (e))

2. LABOR CODE/WORKERS' COMPENSATION: Contractor needs to be aware of the provisions which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions, and

Contractor affirms to comply with such provisions before commencing the performance of the work of this Agreement. (Labor Code Section 3700)

3. AMERICANS WITH DISABILITIES ACT: Contractor assures the State that it complies with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. (42 U.S.C. 12101 et seq.)

4. CONTRACTOR NAME CHANGE: An amendment is required to change the Contractor's name as listed on this Agreement. Upon receipt of legal documentation of the name change the State will process the amendment. Payment of invoices presented with a new name cannot be paid prior to approval of said amendment.

5. CORPORATE QUALIFICATIONS TO DO BUSINESS IN CALIFORNIA:

a. When agreements are to be performed in the state by corporations, the contracting agencies will be verifying that the contractor is currently qualified to do business in California in order to ensure that all obligations due to the state are fulfilled.

b. "Doing business" is defined in R&TC Section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. Although there are some statutory exceptions to taxation, rarely will a corporate contractor performing within the state not be subject to the franchise tax.

c. Both domestic and foreign corporations (those incorporated outside of California) must be in good standing in order to be qualified to do business in California. Agencies will determine whether a corporation is in good standing by calling the Office of the Secretary of State.

6. RESOLUTION: A county, city, district, or other local public body must provide the State with a copy of a resolution, order, motion, or ordinance of the local governing body which by law has authority to enter into an agreement, authorizing execution of the agreement.

7. AIR OR WATER POLLUTION VIOLATION: Under the State laws, the Contractor shall not be: (1) in violation of any order or resolution not subject to review promulgated by the State Air Resources Board or an air pollution control district; (2) subject to cease and desist order not subject to review issued pursuant to Section 13301 of the Water Code for violation of waste discharge requirements or discharge prohibitions; or (3) finally determined to be in violation of provisions of federal law relating to air or water pollution.

8. PAYEE DATA RECORD FORM STD. 204: This form must be completed by all contractors that are not another state agency or other governmental entity.
